# Proactively protect your patients against cross-contamination...

## The Torrent® irrigation system...

- features 24-hour use irrigation tubing with a one-way valve; use the irrigation tubing for a day then throw it away
- eliminates time and costs associated with reprocessing reusable tubing
- can be connected to the endoscope using the single-use Torrent® scope connector or the BioShield® irrigator (see below)

The Torrent® tubing is compatible with Olympus, ERBE, and EndoGator electric pumps.

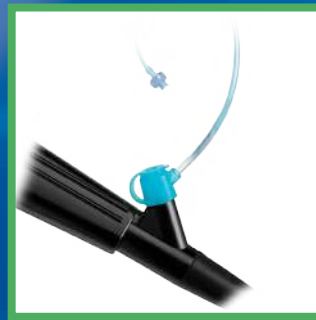

**NEW!**

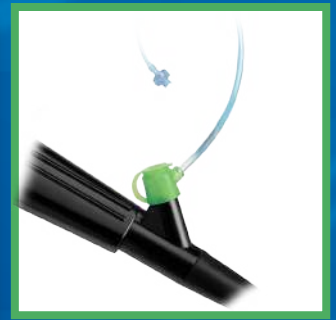

Torrent® scope connector for PENTAX scopes

Torrent® scope connector for Olympus scopes

BioShield® irrigator for Olympus/Fujinon scopes

BioShield® irrigator for PENTAX scopes

For more information on the disposable Torrent® irrigation system, contact US Endoscopy today.
