

BioShield®
biopsy valves - sterile

When sterility is preferred, we have a solution for you...

Our full line of BioShield® biopsy valves are single-use, offering unsurpassed protection from cross-contamination for patients and staff. The new BioShield® sterile valve is another option when sterility is preferred for those specialty cases.

The BioShield® sterile biopsy valve is ideal for...

- ERCP procedures
- Specialty procedures requiring sterility
- Procedures when sterility is preferred

For more information on the BioShield® sterile biopsy valve, contact US Endoscopy today.
