

# Histolock™ resection kit

# Histo/ock resection kit

# Be prepared for the most challenging polypectomy cases...

The Histolock™ resection kits are a complete solution – including the needed polypectomy and tissue retrieval devices in one convenient kit.

## The Histolock™ resection kit includes...

**Histolock™ resection device**

helps grab and resect difficult flat lesions

**Carr-Locke injection needle (25 gauge)**

offers reliable performance during injection therapy

**Roth Net® retriever - polyp**

fully encapsulates tissue specimens for quick and easy retrieval

**Mio® medical device organizer**

conveniently stores devices during procedures

**eTrap® polyp trap**

allows for quick and accurate retrieval of multiple polyps

For more information on the Histolock™ resection kit, contact US Endoscopy today.
